Ten men were arrested Monday by state police and charged with being suppliers of gambling devices seized in a series of 16 raids on lodges and clubs conducted in this area several months ago.

All are on bail today on \$500 each. Three have pleaded guilty and posted cash or property bail for sentence court and two others went before nearby justices of the peace to post bail for court.

Five others have indicated pleas of not guilty will be entered and arrangements are being made for hearings for them before Justice of the Peace John Whitman, Cumberland Twp., before whom all of the charges were filed by state police.

Those who have pleaded not guilty and are on \$500 individual bonds for hearings, possibly next week, are: Harvey A. Warner, Gettysburg R. 3; Charles Bollinger Sr., Gettysburg R. 3; Edwin C. Kindig, Gettysburg R. 6; Fred Hurley, Newville, and Jacob E. Myers, 121 N. Stratton St.

GIVE \$140 FOR ARMS SECTION IN LIBRARY

The former Gettysburg Dramatic Club which was active during the 1920s has donated \$140 to the Adams County Library to set up a section in the library devoted to the dramatic arts in memory of the late Dr. Richard Arms, a former member of the Gettysburg College faculty.

The society was organized in 1920 by a group of young Gettysburgians who were interested in amateur theatricals. Dr. Arms offered to direct the players. Most of the local productions were Broadway plays.

Local organizations gave the club a small commission from net profits for producing the plays for their benefit. It is recalled that the musical "Oh Boy" was given for the benefit of the American Legion Post with good results. Two or three productions were given each year, starting in the Walters Theater on York St., now the Peoples Drug Store building, and later the Majestic Theater. The first play in the Majestic was the musical comedy of "Bimbo." It played to a full house. Annually a play was given for the benefit of the Gettysburg Fire Company, and the remuneration was to be guests at the annual firemen's banquet.

Some of the club's members have passed away, some have married and moved from this locality, but a few still residing in Gettysburg are: Mrs. Marie Cori Roy, Mrs. Ellen Tipton Buehler, Mrs. Grace Ramer Myers, Mrs. Zita Ramer Faber, Mrs. Ida Hartley Roth, the Misses Elizabeth and Martha Stallsmith, Mrs. Madolyn Culp Heinke, Mayor and Mrs. Wm G. Weaver, Fred G. Pfeffer, Brady and Horace Armory, Grayson Peters and Mrs. Mary Ramer Eberhart, treasurer of the club, who presented the check to the library.

YOUTH TO MEET

A meeting will be held at the Youth Center Thursday evening at 7 o'clock for all young people of junior and senior high school ages, it was announced this morning.

Says Ike Has No Desire To Run Political Group

NEW YORK (AP) — Dwight D. Eisenhower is quoted by Norman Cousins, editor of the Saturday Review, as saying, "The last thing in the world I wanted to do in my retirement was to try to run a political organization or give orders or pull strings."

The July 11 issue of the magazine carries an account of an interview that Cousins had with the former president at his Gettysburg, Pa., home June 26. Cousins wrote that Republican presidential aspirants and their supporters have beset Eisenhower in attempts "to capture the favor of a man who

Will Ask GOP To Repudiate Barry's Views

WASHINGTON (AP) — George Meany, AFL-CIO president, reportedly will urge Republican platform makers Wednesday to pledge strict civil rights enforcement and to repudiate Sen. Barry Goldwater's right-to-work views.

Meany, who is leaving today to appear before the GOP platform committee in San Francisco, will ask that the party campaign on the promise to put enforcement of the new rights law in the hands of "people who mean business," sources said.

Although most congressional Republicans voted for the civil rights bill, Goldwater, who has the party's presidential nomination almost in his grasp, voted against it. He argued that he believed some of its provisions were unconstitutional. But the Arizona senator has said he would enforce the law if elected president.

KIWANIS GIVE \$100 TO LIBRARY

The board of directors of the Gettysburg Kiwanis Club at a meeting after the regular club session Monday evening voted \$100 to the Adams County Public Library and its capital funds campaign.

Ten visitors from Chambersburg met with the local clubmen for their weekly dinner session at the Holiday Motel with President Clyde Markle presiding.

Kenneth Foust, a former president of the local club, donated living conditions in and near Deming, N.W., where he owns an 8,000-acre ranch. Deming is situated on the Continental Divide at an elevation of 42,000 feet and is attracting many visitors and settlers for reasons of health, Foust said.

LAUDED FOR SERVICE

However many people find the area not a pleasant place to stay because of the dust storms, great variations of temperature and water shortages. Others find it ideal, he said, because of the "wide, open spaces and the absence of stress and strain in daily living." There is little industry and no oil but an abundance of copper and some silver. Cattle raising continues to be the most important activity in New Mexico, the clubmen were told.

Two guests were in attendance who had helped with the recent penny-a-pound airplane ride over the battlefield project and it was announced that 29,190 pounds were given rides in that undertaking.

Lt. Gov. Paul H. Kunkle, of Division 13 of Pennsylvania commended the club for its services to this community.

Donald E. Smith, son of Mr. and Mrs. Charles A. Smith, Knox Rd., and a recent graduate of Gettysburg College, sailed Thursday from Montreal, Canada, on board the "Empress of Canada" for a seven-week tour of 16 European countries. He was accompanied to Montreal by his parents; his brother, Kenneth, and a house guest, George Truitt, of Chadd's Ford, Pa., also a member of the tour.

Thirty students and in-service teachers are members of the tour group, which is under the direction of West Chester State College as a cultural adventure in Europe and which carries graduate credits for those members who fill certain prerequisites. Dr. Clifford Harding of the West Chester faculty is tour leader.

The "Empress of Canada" docks in Greenock, Scotland, on July 8 after a northern crossing. The tour ends in Lisbon, Portugal, on August 19, from where the group will fly home to Montreal and Philadelphia.

COURT RULES ON PETITION OF PRISONER

The Adams County court has granted a rule on a petition for a writ of habeas corpus filed by Charles Gladfelter for his release from Rockview State Correctional Institution, where he has been an inmate since his sentence in February, 1962, on a charge of burglary, larceny and receiving stolen goods.

The court order states "a rule is granted upon the district attorney and A. C. Cavell, superintendent, State Correctional Institution, Rockview, to show cause why a writ of habeas corpus should not issue on the within petition, returnable 15 days after service."

In his petition, Gladfelter claims that he was held incommunicado in the Adams County jail for 86 hours for the purpose of securing a confession and that he was "coerced into pleading guilty" to charges which he denies he perpetrated. He also claims that he was not represented by counsel prior to or at the time of sentencing. He was arrested December 29, 1961, by James A. Treas, of the state police, and was charged before Justice of the Peace Anna M. Thompson. He claims that when he refused to plead guilty he was placed in solitary confinement.

CLAIMS INNOCENCE

He appeared again before Justice Thompson January 2, 1962, claimed innocence and was recommitted to solitary confinement. He claims in his petition that the officer told him "he would stay there until he pled guilty." Gladfelter said he agreed to plead guilty and was returned to the justice's office for hearing. He appeared in sentence court February 17, 1962, and was sentenced to serve two-and-a-half to five years in Eastern Penitentiary. Gladfelter's petition also claims that while he was an inmate in the Adams County jail he was not permitted to smoke and was given "very little food" at each meal. He further claims that he was not permitted to send or receive mail and the sheriff denied his request to call an attorney.

Soldier Escapes Injury; Car Upsets

A soldier from Fort Ritchie, whose home is at Ballston, N. Y., had an almost miraculous escape from injury at 10:30 o'clock Monday evening when his convertible ran off the right side of a curve on Rt. 116 three and a half miles west of Fairfield.

Richard J. Leahy, 28, was unhurt when his car ran up an embankment, turned over and struck a pole. State police from Gettysburg who investigated placed the damage to the 1963 model car at about \$1,200.

LENTZ ACTION IS SUSTAINED BY ADVOCATE

The Albert J. Lentz American Legion Post's recent decision to withdraw its affiliation with the Allied Veterans Council was sustained by John J. Dunn Sr., judge advocate of the Pennsylvania Department of the Legion, it was announced at a meeting of the post Monday evening in the post home.

Lentz Post withdrew from the council "for political reasons." It was stated at the time that the constitution of the Legion forbids political activity by any post. It was said that the local post was criticized for its action. The decision was outlined to Dunn who confirmed the action in the following explanation: "As you know Article III, Section 2, of the Department Constitution provides that the American Legion 'shall be absolutely nonpolitical.' This phraseology refers to official Legion action and not to individual action. There is nothing wrong with a group of individuals, who are members of the American Legion, from advocating a person's candidacy, but for an American Legion post to do so, or for an officer in the name of the post to do so, is contrary to the provisions of the constitution referred to above."

"By the letter, which was sent out by the Allied Veterans Council, the American Legion representatives would be doing negatively what they could not do positively. They would be advocating the defeat of a person for political office, rather (Continued On Page 3)

500 St. Louis Negroes Battle Police In Riot; Injure Nine, 2 Seriously

By MIKE RECHT
ST. LOUIS, Mo. (AP)—About 500 youths, screaming Negroes pelted police officers and police cars with bricks and bottles Monday night after two officers answered a sick call.

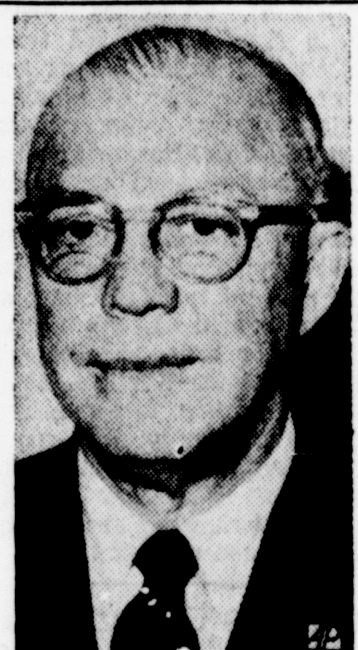

Nine officers were injured, two believed seriously. It was the second riot in the area since Friday when crowds estimated at 400 demonstrated in the streets of Kinloch, a predominantly Negro suburb. Three buildings were set on fire during that disturbance which started over a fight between two Negroes.

Police fired four tear gas grenades to break up Monday night's incident just west of downtown St. Louis. At least eight persons were arrested in the hour-long riot.

Committee assignments were made for the coming year and President William Richardson announced that the state convention of postmasters will come to Gettysburg next July 14-17 at the July meeting of the Gettysburg Travel Council Monday evening at the Gettysburg National branch on Breckenridge St.

He estimated that the postmaster's convention will bring 600 to 800 persons to Gettysburg for the four-day period.

COUNCIL ADDS TWO MEMBERS TO REG BOARD

The Gettysburg Borough Council at its July meeting Monday evening at the engine house adopted an amendment to the Recreation Board ordinance which increases membership in the board from five to seven and then promptly filled the two new positions on the board.

The newly-appointed board members are Charles E. Kuhn, who was assigned a five-year term expiring in September, 1969, and Robert Neary, who was appointed to a term ending in September, 1968.

The amendment adopted Monday provided that terms of not more than two members shall expire in any year.

The council appointed S. Blaine Miller for another term on the town's Planning Commission. The appointment had been under study for 30 days. No other names were proposed Monday evening.

It was called to council's attention that the borough no longer has a Shade Tree Commission and Councilman George W. Naugle was asked to "look into" the matter of finding local folk willing to serve on such a board.

FREE PARKING ASKED

Early in the meeting, a request was read from the Retail Merchants Association that the parking ordinance of the town be amended to provide for free parking during the summer and winter sales days and during the last three days of the Christmas shopping season.

The merchants urged such a move to build good will among shoppers for this community and as an extra inducement to shop in Gettysburg.

The letter was read along with other communications and was laid aside not to be referred to again during the brisk one-hour meeting of council.

Councilmen learned in a letter from Charles Lightner, highways superintendent for Adams County, that Carlisle St. soon will be resurfaced from Lincoln Square to the borough line with a three-inch blacktop coating.

President Philip M. Jones asked Borough Engineer LeRoy H. Winebrenner and the highway committee to work with utilities and the municipal authority in preparing for the surfacing work. Manholes and service valves on gas lines will have to be reset, it was pointed out.

PERMITS WAIVED

Council agreed to waive the issuance of permits for the work on condition that the concerns making the repairs pay for the replacement of the street surface (Continued On Page 3)

ROTARIANS ARE ASSIGNED TO COMMITTEES

Gettysburg Rotary heard a recorded message from the international president of Rotary and reorganized for the coming year at Monday evening's meeting in the YWCA.

President C. William Harbaugh introduced the recorded address by Charles W. Pettigill, International Rotary president, who urged the members to "live Rotary" and spoke of the international aspects of Rotary—based on his comments on an address by Paul Harris, founder of Rotary, in 1905.

Vice President Stanley Hull announced that next Monday the Rotarians and their ladies will dine at the Holiday Inn, and then will attend the play "The Well of Saints" at the Gettysburg Community Theater.

Assignments announced Monday night were: International service committees, director-in-charge, Dr. James Allison; inter-

Fourth Civil Rights Worker Is Missing

GREENWOOD, Miss. (AP)—A civil rights organization said today one of its workers had not been heard from since he was turned over to a Webster County deputy sheriff by the sheriff's office here.

The Leflore County sheriff's office said James Brown, 22, Negro civil rights worker from Itta Bena, was arrested Monday night by Itta Bena city police on a warrant from Webster County charging him with a traffic violation last month. The sheriff's office said Brown was then released to a Webster deputy about 10 p.m. for transportation to Walthall. Telephone calls to Webster County Sheriff Billy Joe Bowen at his home and offices at Eupora and Walthall went unanswered.

The closed-door council meeting was held without at least two councilmen who had left the council chamber soon after the regular meeting adjourned about 9 p.m. Mayor William G. Weaver, who has general responsibility for the police department, was not told of the meeting until it was over and the doors were closed on the borough secretary, Mrs. Anna Dracha, and on Chief Bartlett.

CIVIL SERVICE MATTERS

Reported missing from the special session were Councilmen Mahlon P. Hartzell and Robert McCoy but "more than a majority was there."

Civil Service matters were gone over and Civil Service regulations and lists were called for. One councilman told The Gettysburg Times today that the only action taken by the council at that session was to authorize the Safety Committee to add a policeman before the next meeting of council.

Action of the Safety Committee to select Hemler, who was second on the recent list of eligibles supplied to the borough by the Civil Service Commission after a recent exam, apparently came later in the evening after some councilmen had left.

COURT RULING

The statute provides that the board can reinstate the same tax ordinance without advertising in advance but must advertise that the tax has been re-enacted. An advertisement must appear within 10 days after the tax has been re-enacted.

The court held that since no one could take action re-enacting the tax, the 10-day notice was not mandatory, but really directory and therefore failure to give notice would not invalidate the tax.

In his opinion, Judge Sheely said, "The primary duty of a board of school directors is to provide for public education; the duty to levy taxes is a means to that end. It would be unthinkable that the school system should collapse because of neglect of school directors to levy the necessary tax within the time provided by the statute or to publish an advertisement that had no value in itself."

Pleads Guilty To Burglary Charges

George Quesenberry, Aspers, Monday afternoon pleaded guilty to charges of burglary of the Mt. Orchard Co-op, Aspers, and burglary and larceny of the Pitzer Terminal garage, Aspers, June 28. He was remanded to the Adams County jail, where he has been an inmate, on a bench warrant of the court. Quesenberry admitted to being an accomplice with his brother, John, who pleaded guilty to the charges July 3 before Justice of the Peace Robert P. Snyder. They will appear in sentence court later this month.

Earthquake Hits Mexico And Takes Lives Of 31

MEXICO CITY (AP) — The earthquake that rocked Mexico's Pacific coastal state of Guerrero took 31 lives, the government says, but no damage or casualties were reported in the crowded resort of Acapulco.

The quake early Monday was felt both in Acapulco and in this capital city 175 miles to the northeast. Buildings swayed in Mexico City but damage was light and only one man was slightly injured.

Reports reaching the federal government from Guerrero State said most of the 31 victims were crushed under collapsing buildings in mountain villages.

EXTRA POLICE OFFICER WILL BEGIN DUTIES

After a closed-door session of town council that followed the regular July meeting, John G. Hemler, Littlestown, a former borough police officer there, was notified by Safety Committee Chairman Richard Smith to report for duty as soon as possible as a new borough policeman in Gettysburg.

Before noon today Hemler was in Gettysburg for a conference with Chief of Police Jack Bartlett, who said Hemler will report for duty soon, "possibly later this week."

The closed-door council meeting was held without at least two councilmen who had left the council chamber soon after the regular meeting adjourned about 9 p.m. Mayor William G. Weaver, who has general responsibility for the police department, was not told of the meeting until it was over and the doors were closed on the borough secretary, Mrs. Anna Dracha, and on Chief Bartlett.

BARRY STATES NO REPUBLICAN CAN BEAT LBJ

HAMBURG, Germany (AP)—Sen. Barry Goldwater is quoted as saying that at the moment he thinks no Republican can beat Lyndon B. Johnson in the U.S. presidential election.

The German weekly news magazine Der Spiegel printed today an interview it said was obtained with Goldwater in his Senate office June 30. It said its reporter, Hermann Schreiber, asked him:

"Do you believe you have a chance to win the elections against President Johnson?"

Goldwater was quoted as replying:

NO CHANCE

"As matters stand at the moment, the answer must be no. At the moment, I don't believe that any Republican has such a chance. But one thing is certain: No Republican can win against Johnson without support from the South. And in the South, neither (William) Scranton, Nelson Rockefeller nor Henry Cabot Lodge stands a chance."

Goldwater said he did not know how much his Southern support would amount to at election time.

(Aides of Goldwater in Washington said he would have no comment on the article.)

Asked why forces within the Republican party want to prevent him from getting the presidential nomination, Goldwater said:

WIDESPREAD OPINION

"Opinion is widespread—and I never heard it contradicted—that the big banks, the money aristocracy of the East Coast, almost always manipulate the selection of a Republican candidate."

This they did, said Goldwater, because they want to influence U.S. foreign policy.

"These circles know they can't buy me. That's why they want to push me out of the running," Goldwater said.

About 40 policemen, including members of the Canine Corps and their dogs then arrived at the scene. The crowd began a steady bombardment on the officers with bricks, rocks, bottles and cans.

POLICE CARS DAMAGED

Two sergeants, Roy Bottoms and William Brown, were seriously injured when hit by debris. Seven other officers suffered minor injuries. Police cars were badly damaged.

COUNCIL ADDS

(Continued From Page 1)

A memorandum of understanding was read between the borough and the fire company regarding buildings at the Recreation Park and Chairman George W. Naugle of the ordinance committee was asked to check on insurance coverage under terms of the agreement.

A bid from the Gettysburg Asphalt Company was accepted for supplying bituminous material for street work at \$6.50 per ton. The company also will provide a paver with two operators at \$14.50 per hour under terms of the offer, the only one received by council.

A resolution was adopted settling a long-standing dispute between the borough and the Municipal Authority over a bill for digging permits for work done on Springs Ave. in which the street was torn up. Under terms of the settlement, the Municipal Authority will pay the full bill of \$2,700 plus a \$500 penalty. The agreement was described as a "compromise" and the discussion brought suggestions that changes be made in the digging permit ordinance.

S. WASHINGTON ST.

There was a discussion of a request for special concessions on street sprinkling and opening of sections of S. Washington St. at the request of a beer distributor there whose place of business was reported as accessible from Gettysburg St. Council settled the matter by asking that resurfacing work on S. Washington St. be completed as soon as possible. One committee reported its limit of \$100 already had been spent to sprinkle S. Washington St. in recent days to cut down dust and to protect the fine stone cover recently placed on the heavy stone base there. No more borough money will be spent on sprinkling, it was agreed.

Bills totaling \$10,980 were ordered paid but part payment of an oil bill was ordered held up because of the "inferior performance" of some of the oil delivered for street work.

All members of council attended the meeting which adjourned about 9 a.m.

The Political Picture

By RICHARD L. GRAVES

CHICAGO (AP)—Pennsylvania Gov. William W. Scranton, fighting the clock in his last-minute bid for the Republican presidential nomination, embarks today on a plane and train tour of Illinois to muster public support.

The Scranton campaign came as the shadows lengthened across his chances.

The Illinois tour was aimed, said Scranton, at arousing the public to such an extent they would pressure the state's Republican convention delegates to switch support away from Scranton's rival for the nomination, Sen. Barry Goldwater of Arizona.

The Scranton tour was routed by plane to Springfield and by train to Decatur, Mattoon, Champaign and Kankakee. Much of the trip was over the route taken by Abraham Lincoln when he left Springfield in 1861 en route to Washington for his inauguration as president.

WASHINGTON (AP)—Sen. Barry Goldwater's campaign director said today he doesn't think Pennsylvania Gov. William W. Scranton is "making any progress in chipping away delegates" from the Arizona senator.

Denison Kitchell, general director of the Goldwater campaign for the Republican presidential nomination, said his forces "can't find any evidence" that Scranton is subtracting delegates from the Goldwater total—now at 710 in an Associated Press survey.

This includes 118 votes committed by state primary elections, 257 by instructions, 62 by personal pledges and 273 by personal preference without pledge. Kitchell stopped short of claiming Goldwater has won his race to head the GOP ticket, saying only that he is optimistic.

"We've got a cushion right now of maybe about 75 delegates," Kitchell said in an interview.

PITTSBURGH (AP)—A former chairman of the Allegheny County Republican Party says he has sent letters supporting

from Bermudian Springs High School in the class of 1962 and is employed by Worley's Nurseries.

Fourth Play To Open Wednesday

Beginning Wednesday and running through Saturday, the Gettysburg Summer Theater will present a comic fantasy from the pen of Irish playwright John Millington Synge. The play, "Well of the Saints," was originally written around 1905 for the Abbey Theater in Dublin. Curtain time will be 8:30 each night.

"Well of the Saints" deals with the lives of Irish country folk. Its speech is the speech of western Ireland and the Arran Islands.

In this, the players' fourth presentation this year, Patricia Martell and Richard K. Olsen are once again paired in the lead roles, Mary and Martin Doull, an aged, blind beggar couple. "Well of the Saints" is Synge's examination of the possible effects of the miraculous restoration of their sight to these two aged folks after a lifetime of darkness. The power of the play is in Synge's portrayal of the reactions of Mary and Martin Doull to the recovery of their vision. As foils for the old couple are the ordinary townspeople like Timmy, the Smith, to be played by Charles Plese, and Molly Byrne, to be played by Diane duBois, as well as the Holy Man, the instrument of the miracle, to be played by George Muschamp.

FIFTY YEARS AGO
New Director For Band: Lee McDonald, one of the best known musicians in the Cumberland Valley, has been secured by the Citizens' Band of Gettysburg to direct that organization on Monday evening of each week. He is the leader of the regular summer orchestra for Mt. Holly Park. For four winters he has been leader of the orchestra in the Majestic Theatre, Harrisburg and he has also been trainer of the musical clubs at Dickinson College a number of times.

Deardorff - Horner: At home of Prof. and Mrs. Charles F. Sanders on Broadway, his niece, Miss Anna Virginia Horner of Steinwehr Avenue, and Edgar L. Deardorff of Carlisle street, were married Tuesday evening at six o'clock. The ceremony was performed by Prof. Sanders. The wedding, which was attended by only immediate friends, was a quiet one and soon after the ceremony Edgar A. Crouse took the newlyweds to Harrisburg by automobile from where they left by train for Philadelphia and Atlantic City where they will spend their honeymoon. The bride, who is a daughter of Mrs. Virginia Horner of this place, was for six years in the employ of The Times and for the past few years one of the efficient operators at the United Telephone exchange. Mr. Deardorff is a son of Mr. and Mrs. John Deardorff and for several years has been a clerk in the First National Bank. Upon returning from a ten days trip they will reside temporarily at the home of Mrs. Horner, later going to housekeeping on Carlisle Street.

Organized For Suffrage
Cause: Adams County's suffragists organized in Gettysburg Thursday afternoon and prepared to open a vigorous campaign for their cause. The appointment of Mrs. Wm. Arch McClean as county chairman was ratified by a unanimous rising vote of all adherents present and Mrs. McClean then appointed the various other officers and heads of committees. Mrs. George Seaks, New Oxford, was appointed vice chairman of the county and Mrs. W. C. Sheely, Gettysburg, secretary and treasurer. A standing committee of four was named to have charge of the various branches of the work. They are: Enrollment, Miss Lydia E. Hartman, Littlestown; Literature, Mrs. Harvey Neely, York Springs; Propaganda, Mrs. George Seaks, New Oxford; Literature, Mrs. John D. Keith, Gettysburg. The county was divided into seven districts for work with a district chairman for each as follows: First District, Mrs. William Rebert, Cashtown; Second District, Mrs. Aaron I. Weidner, Arendtsville; Third District, Mrs. J. Harvey Neely, York Springs; Fourth District, Mrs. George Seaks, New Oxford; Fifth District, Mrs. Wilson Hollinger, Abbottstown; Sixth District, Miss Lydia E. Hartman, Littlestown; Seventh District, Mrs. David J. Forney, Gettysburg. The state organizer, here recently, succeeded in getting 170 signers, forced of whom reside in New Oxford. She was much pleased with the attitude of Adams county people generally regarding the cause she represents.

Today's Talk

SOMETHING TO TIE TO

To assure at least some measure of happiness, every human being was born with affection for something or someone. Every one of us must have something to tie to — something that shall offer us spiritual shelter, or serve as a refuge from the cruel misunderstandings and misjudgments of the world.

This something may be a wife, a sweetheart, or a friend. Or it could be a beloved dog, an interesting and highly educational hobby, or some phase of public service. Any of these would be sure to bring some satisfaction and comfort, but best of all a man should tie to God, for God is the hub of all hope.

There is a sureness, a confidence, and a lack of fear, that all men and women have who tie their faith to a higher being than themselves. We must share our gains and our joys if we would be happy and successful, and with singleness of purpose, dedicate our lives to the world at large. Our immediate sphere of activity may be very limited, but if we sincerely distribute ourselves in that territory, our influence may radiate far, far beyond.

Most people who are unhappy are in this state, because they have tied themselves to nothing, becoming mere wanderers, with no definite destination. Tied to something of great merit and satisfaction, you do not have to give up your freedom. You only have to give up your love — that is, keep distributing it!

Selfishness is the great curse of life. It is the source of all evil in life. If we lost a friend, it is usually because of selfishness, and what a large number of unhappy discussions and disputes have their origin in selfish motives. Selfishness is behind all wars of conquest. And most unhappy marriages are cursed with it.

How important it is, therefore, that we tie to something that will divorce us from all selfishness, and which will enrich us in mind and heart.

July Fourth In Town and County: Parading in highly creditable fashion the patriotic orders of Gettysburg, the firemen and county visitors gave a demonstration on Saturday evening which came as a fitting close to the town's Fourth of July observance. Visitors by the hundreds were in town. Stores selling fireworks all cleared out their entire stocks and there was an uninterrupted din during the day. It was in the midst of this noise in the early evening that the parade appeared. Wm. McG. Tawney, as chief marshal with his aides, headed the column and the Gettysburg Band followed. A long line of automobiles carried the speakers of the evening, Burgess Raymond, councilmen and a good delegation from Corporal Skelly Post 9. The Bendersville P.O.S. of A. Band led the Gettysburg firemen who were in uniform and had out the engine and truck. Washington Camp of New Oxford came next in line. The Boys' Drum Corps of Gettysburg, in attractive white uniforms, led the local patriotic orders who wore white hats with red bands, white shirts, blue neckties and white trousers. The celebration throughout was most appropriate and only marred by the thoughtlessness of youthful celebrators and their untimely firecrackers.

The management of Walter's Theatre, York Street, announce that they have secured the Famous Player films and will give one full play every Monday night, requiring from three to five reels. The plays are all produced under the direction of Charles Frohman.

NEW YORK (AP) — Every 28 years they hold the Olympic track and field trials in this town. Eventually they will get the hang of it.

Say, the year 2020. Right now, they haven't got the thing licked. They tried again over the weekend.

To begin with, the 1964 trials were held in the stadium that was built for the 1936 effort.

MAJOR DRAWBACKS

The stadium has the following major drawbacks: 1. It is too small for a big-time stadium. 2. It is too small for a drive-in theater. 3. You can't get there. Actually, the stadium is on an island in the East River, and therefore is probably reachable by strong swimmers—from either shore.

But most people never go there. Taxi drivers, for instance. They are not an adventurous lot and will take you there only if you insist — and supply careful directions.

NO SUBWAYS

You're on your own getting back. Subways don't run there. As a result of all this disuse, the whole place is a little musty.

Until recently, the broad jump pit was the only one left in America with sawdust. The wags said the high jump standards went to only 6 feet.

That wasn't true, but the standards that held the ropes around the pit were stamped on the base: "World's Fair—1939."

ALMOST SURE

As the athletes themselves pointed out, it really wasn't much of an Olympic trials, anyway.

For example, the winners here got a sure spot on the team for the Tokyo Games. Well, almost sure.

They can still be left home if they aren't in top form at the final trials in Los Angeles in September.

The next five guys in each event here got a trip to California to try and make the team there.

Schools Adapt Notre Dame Song

NEW YORK (AP) — Twenty-nine per cent of the nation's elementary and secondary schools have school songs based on Notre Dame's "Victory March," a recent research project reveals.

According to the poll, five other popular college songs form the basis for an additional 60 per cent.

They are Cornell's "High Above Cayuga's Waters," Yale's "Whiffenpoof Song" and "Boola-Boola," the University of Maine's "Stein Song" and Wisconsin's "On, Wisconsin!"

What Delegates Should Wear At Republican Convention

MRS. KENNEDY WILL RESIDE IN NEW YORK

WASHINGTON (AP) — Mrs. John F. Kennedy is leaving the capital — and its memories of great triumph and deep sadness—to live in New York, hoping the change will be beneficial to her and the children.

The widow of the assassinated president disclosed she plans to sell her two homes in the area and take up residence in New York in time to enter Caroline, 6, and John Jr., 3, in school this fall.

"While she will always maintain her close ties in Washington," said the statement issued through her office Monday, "Mrs. Kennedy feels that the change of environment in New York, from Georgetown and its many memories, will be beneficial to her and the children."

MANY MEMORIES

The memories are at every corner. It was in Georgetown where she and Kennedy lived after they were first married, while he was a senator—from where he drove to his inauguration—and to where she returned to live after his death in Dallas last Nov. 22.

She bought the 14-room Georgetown house, at 3017 N Street, last December for a reported \$175,000, and it has become a regular stop among the capital's tourist attractions.

The other home is Wexford, the 26-acre estate in the Virginia hunt country which she and the president built for a weekend retreat and completed only last summer at an estimated cost of \$100,000. They had little time to use it.

17 KILLED ON STATE ROADS OVER WEEKEND

By THE ASSOCIATED PRESS

As the nation's death toll for the three-day Fourth of July holiday period reached a new record on the highways, Pennsylvania recorded 17 traffic fatalities.

Eight other persons drowned in the state, an auto racing veteran was killed in a midjet car race and a child died in a fire.

The Pennsylvania toll compared with 46 persons killed in traffic accidents over the Fourth of July holiday period last year, when nontraffic accidents claimed 19, including six drownings.

The counting period began at 6 p.m., Thursday and ended at midnight Sunday.

The victims included:

Vandergrift — Joseph R. Janiszewski, 25, McKeesport, drowned Sunday in a small pond at the Ol Markley Airport near Vandergrift. State police said he made a water jump from 3,500 feet and was swimming to shore when he became entangled in his parachute.

OTHER DEATHS

York — Mrs. Carrie K. Geise, 67, killed Saturday in a two-car crash near East Berlin, about 13 miles west of York.

New Bloomfield — Orval E. M. Yer, 51, Newport R. 2, Perry County, killed Friday by a car as he walked along Route 34, two miles south of New Bloomfield.

Washington — Samuel J. Comito, 25, Washington, died Sunday of injuries suffered Saturday when his car struck some concrete in front of a house and he was tossed out.

Williams Grove — Tony Bonadies, a 23-year auto racing veteran from New York killed Sunday in a qualifying heat of a midjet race at the Williams Grove speedway. Track officials said the rear axle of Bonadies' midjet racer snapped, the right wheel fell off and the car was flipped end-over-end.

10 P.M. Curfew Set For Georgia City

WINDER, Ga. (AP)—Bedtime apparently is going to come an hour earlier for the 6,000 inhabitants of this northeast Georgia city.

Noting large gatherings of whites and Negroes during integration attempts, the city council voted Tuesday to impose a 10 p.m. curfew. Councilman Boyd Garner said the council "was just trying to enforce the peace."

Winder had an 11 p.m. curfew on the books that was used Sunday night when whites barred Negroes from a theater.

A Lovelier You

COOL LOOK FOR HOT DAYS.
To the male contingent, the most refreshing sight on a swelter-

ing day is a cool and collected female. She even outclasses the colonel's julep!

That being so, we girls are fortunate that will is avoidable. The first condition is faultless personal grooming. Once the basics are out of the way, these anti-wrinkle tricks work like magic:

Before dressing, rub down with chilled cologne. Then don freshly laundered lingerie.

In the make-up department, use the thinnest film of powder base and, after it dries, set with a dampened silk sponge. Follow up with a light dusting of powder and blusher; blot entire face with a layer of tissue. For a frosty, lasting finish, depend on luminous eyeshadows and lipsticks in tender tints.

Luminous cream shadows provide a whisper of soft, dewy color that stays put. Lipsticks are light-as-air, yet gloss the lips with naturally pretty tints. Incidentally, frosted ceramic nail glazes and pearly enamels bring cooling effects to the nails.

As a sleek hair-do spruces the appearance as nothing else can, secure yours with hair spray or pomade. Let simple, smooth and neat be your by-words.

Now, what will you wear? Above all, let it be crisp and immaculate. And let there be no extraneous accessories. Keep the extras to a minimum.

For the doing, you will look like an oasis in a desert and be as welcome!

James MARLOW Reports

By The Associated Press

WASHINGTON (AP) — Needed: one mindreader in these last few days before the Republican convention in San Francisco.

He would come in mighty handy if he could give his version of why some of the things that are happening are happening.

Gov. William W. Scranton of Pennsylvania, trying to keep Sen. Barry Goldwater from getting the Republican presidential nomination, went to Illinois for a two-day campaign. He went around shaking hands with commuters.

MRS. SMITH HOPEFUL

Henry Cabot Lodge, who quit as U.S. ambassador to South Viet Nam to come home and help Scranton, went out to Kansas to make a pitch but only six convention delegates showed up. They spent some of their time talking foreign affairs.

Here in Washington, Sen. Margaret Chase Smith still thinks she has a chance for the nomination, she says. She denies she's really hoping for the vice presidential nomination.

Former President Dwight D. Eisenhower is still refusing to say anything about his preference for a candidate.

TWO FOR VP

Goldwater, who seems to have the nomination locked up, sounds very self-assured. In Washington Monday he said he was shopping around in his mind for a vice presidential running mate.

He said he has two names on his list of prospects—Reps. Gerald R. Ford of Michigan and William E. Miller of New York—but denied stories he favors Miller. "I don't know how that got started," he said.

Meanwhile, the hopeful Miller was saying he would accept if asked but he hasn't been asked.

In Illinois last week 48 of the state's 58 convention delegates lined up with Goldwater after listening to appeals from him and Scranton. The other 10 did not commit themselves.

SCRANTON RETURNS

For a reason which doesn't seem clear even when he explained it, Scranton went back there this week looking for delegates. He started off shaking hands with commuters and getting washed out by a thunderstorm at a shopping center rally.

Scranton said he went back to Illinois to arouse Republicans in general to get them to tell their delegates to switch to him.

Seven of Kansas' 20 delegates are on Goldwater's side, only one on Scranton's, and some of the 20 already have left for the convention. Nevertheless, Lodge saying "my duty is to present my views," went out to Kansas.

GOODIES FROM GETTYSBURG

Scranton did announce Monday that Dr. Milton S. Eisenhower, the general's brother, would nominate him at the convention. He hinted broadly he had the unannounced support of the former president with whom he had talked.

Lodge had talked with Eisenhower last week and managed to convey the impression he had found a package of goodies in Gettysburg.

But one of the general's aides said Monday there would be no comment at this time on any preference for the nomination.

MANY AREAS PARCHED BY LACK OF RAIN

By THE ASSOCIATED PRESS

Weeks of torrid, rainless weather have left fields and woodlands in many sections from Maine to Maryland parched and tinder dry.

Water supplies in some areas were reported depleted and measures were enforced to conserve the water on hand.

Five counties in New York State were declared drought disaster areas last week and officials of three more counties decided Monday to seek a similar designation.

Officials in Maryland, Maine and New Jersey also have petitioned the U. S. Department of Agriculture to declare a total of 27 counties in those states as drought disaster areas.

Pennsylvania Agriculture Department officials reported spotty conditions of dryness in the eastern two-thirds of the state with seven hardest hit counties in the north central section seeking release of conservation reserve land for livestock grazing.

Agriculture officials of three counties in south central New York State said Monday they would appeal for federal disaster aid.

The five counties which appealed last week are located in the eastern part of the state.

In Maryland, Gov. J. Millard Tawes wrote to Agriculture Secretary Orville Freeman last Friday asking that relief be given for six counties which had been rendered almost unproductive because of the weather conditions.

5 More Americans Join Group In Cuba

MIAMI, Fla. (AP) — Havana

Radio says five more American students have arrived in Cuba to join 5 Americans already there despite a U.S. State Department ban on travel to the island.

A broadcast monitored in Miami said the five arrived Tuesday by plane from Prague.

They were identified as Susan Rotolo, 20; Robert Collier, Steve Newman and Geoffrey Goldstein, all from New York, and Allan Low of California.

Rehoboth To Ban Topless Outfits

REHOBOTH BEACH, Del.

(AP)—Mayor Joel C. Stamper says he has ordered the city solicitor to draw up an ordinance amendment banning the topless bathing suit at this beach resort.

Rehoboth already has an ordinance outlawing "scanty" bathing attire. The new ordinance will place topless bathing suits under the heading of "scanty," said Stamper.

FATALLY STRICKEN

SAYRE, Pa. (AP) — Samuel Kelcher, 60, of Williamsport, died Monday night after suffering an apparent heart attack and falling into the Susquehanna River.

A fisherman reported he saw Kelcher fall into the water from a boat in which he was fishing. The other fisherman went to his aid, but efforts to revive him were unsuccessful, authorities reported.

Guilt-Stricken; Returns Melon

ST. CLOUD, Minn. (AP) —

State reformatory officials say a middle-aged man walked into the prison July 4 with a big watermelon under his arm.

The man said his conscience had bothered him since 1947 when he stole a melon from the prison farm. Supt. Jack Young told the man to give the melon to a needy family.

JON LINDBERGH AIDS EXPLORER BENEATH SEA

By BEN FUNK

MIAMI, Fla. (AP) — "If a man can live and work 600 feet under the sea, he can conquer a frontier as big as the African continent and rich in oil, minerals and food."

This statement was made by Edwin A. Link, 60, a pioneer of underwater exploration, three weeks ago—shortly before he left for the Bahama Islands in his research vessel, Sea Diver.

Now, Link is back with proof that man can operate with efficiency at that depth.

430 FEET UNDER SURFACE

For two days and nights, under Link's watchful eye, Jon Lindbergh and Robert Stenuit worked, ate and slept on the bottom of the Atlantic Ocean 430 feet below the surface.

Lindbergh, 31, son of aviation's famous pioneer, Charles A. Lindbergh, said, "We felt fine all the time."

Link immediately began preparations for a November expedition that will send divers to the 600-foot level, probably in the same area near Great Stirrup Cay in the Bahamas.

"We could have stayed down indefinitely," a smiling Lindbergh said Monday after he and Stenuit, 30, Belgian author and underwater explorer, emerged from a decompression chamber.

WORE INFLATED SUITS

They wore suits made of foam rubber, sandwiched between double layers of latex and inflated with compressed air.

At the bottom, they lived in an inflatable rubber chamber, nine by four feet in diameter, and equipped with bunks, communication instruments, food and its own air supply of 97 per cent helium and 3 per cent oxygen.

CASE, CLARK BACK TOCKS ISLAND REC.

WASHINGTON (AP) — Crea-

tion of a national recreation area at the proposed Tocks Island Reservoir in New Jersey and Pennsylvania was called for Monday by Sens. Clifford P. Case, R-N.J., and Joseph S. Clark, D-Pa.

They told a Senate interior subcommittee there is a pressing need for additional recreation space in the northeastern area which has one-quarter of the nation's population but only four per cent of its total recreation acreage, excluding Alaska.

However, Henry R. Schnitzer of Bayonne, N.J., opposed the project behalf of the Anti-Dam Committee of Bushkill, Pa.

SCHNITZER OPPOSES

"To claim that 22 million people are anxiously waiting for this facility is an incredible statement," Schnitzer said in a statement submitted to the subcommittee. He was not present but released the statement.

Case, in a letter to subcommittee chairman Alan Bible, D-Nev., said action is needed this year to assure development of the recreation area in conjunction with planning of the dam and reservoir which is now underway.

Clark, in his prepared testimony, said immediate action is imperative. He said in the past decade two of the primary reservoir sites in the Delaware River Basin plan have been "usurped by urbanization and several others are threatened."

NOT ENOUGH TIME

Rep. Norris, D-N.M., chairman of the House Interior Subcommittee which held hearings on the plan, has said there just isn't enough time to complete action before Congress adjourns this year.

In his statement, Schnitzer pointed to a wide variety of recreation projects throughout this area and said the proposed development would displace an estimated 10,443 persons in the two states.

"The proponents of the Tocks Island Dam offer three additional major excuses for it—flood control, water supply and power generation," Schnitzer said. "We believe these excuses are invalid."

Goldwater Plans To Wage Rough Campaign Against Johnson If Nominated

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — Sen. Barry Goldwater has indicated that if he gets the Republican presidential nomination his campaign against President Johnson will be rougher than those of recent years.

But he has been moving cautiously in his double task of trying to cool any opposition to him among Republicans while going ahead with his efforts to sew up the nomination.

The Associated Press recently asked him his position on a number of issues. The answers, prepared by his staff from some of his recent statements, were released over the week-end.

CAMPAIGN ISSUES

He was asked what the main campaign issues will be. Several were listed and wound up with this: "... the dark shadow of scandal that hangs over the White House itself."

There was no explanation for what Goldwater meant. But, since he considers this a main point, it can be assumed he would hammer away at it.

If Goldwater gets the nomination, which looks likely, he will need not only all the Republican votes he can get afterward but also those of the usually Democratic Southern states. He has said a Republican couldn't win without them.

"FEDERAL POLICE FORCE"

His votes against the civil rights bill angered a number of Republicans already against him. So far as can be seen it lost him none of his supporters. It probably endeared him to a lot of Southern whites.

He said the bill, voted into law July 2, flies in the face of the Constitution and enforcement of some of its sections would need a "federal police force of mammoth proportions."

He meant the sections prohibiting discrimination in public accommodations and employment. But his "no" vote gave Pennsylvania's Gov. William W. Scranton, his leading opponent for the nomination, an issue at the Republican convention opening next Monday in San Francisco.

SCRANTON STRATEGY

As the Republican platform committee gathered there Sunday for days of hearings before hammering the party's positions and promises together, the Scranton forces' strategy was obvious: How to create divisions at the hearings and come up with conclusions the Goldwater forces couldn't support.

The senator and his advisers had plenty of time to prepare for such a move. Equally obvious for him would be to compromise where he could to avoid party splits.

But there was a very sore point: How compromise on a civil rights plank without alienating the South since, if elected president, Goldwater would be expected to carry through on whatever the platform promised? The Goldwater forces seemed prepared for this, too.

CHIEF SPOKESMAN

On a television show Sunday, the senator's chief spokesman on the platform committee, Rep. John J. Rhodes, an Arizona Republican, was asked about Goldwater's views on a civil rights plank.

He gave an answer which might pacify Republicans and soothe the South.

He said Goldwater would go along with a plank, suggested by Scranton, which called for penalizing states that denied their citizens a vote. Under the 14th Amendment a state could be deprived of representatives in Congress in proportion to the number of people not voting.

But this could never be done without a tremendous fight in Congress.

CIVIL RIGHTS

Rhodes was also asked what Goldwater, as president, would do about enforcing the Civil

Rights Act which he said is contrary to the Constitution. Rhodes had an answer for that, too. "Sen. Goldwater as president of the United States would certainly require a reasonable degree of enforcement which I think would please anybody."

Reasonable is a debatable word. Enforcement which seemed reasonable to Southern whites, who oppose the Civil Rights Act, might greatly displease Negroes who want its protection.

OLD STAR SEES 'SHIP OF FOOLS' IN PRODUCTION

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP) — "First team" shouted the assistant director, signaling the stand-ins to step out of the scene and the stars to take their places.

Vivien Leigh, Simone Signoret, Jose Ferrer, Elizabeth Ashley and Oskar Werner entered the shipboard dining room set, and Spencer Tracy rose from his chair to join them.

The cast and crew laughed at Tracy's gag; he was responding like an old fire horse to the clanging of the bell. Although the actor is frequently on the set of "Ship of Fools," he is not working in the movie.

OBSERVES FILMING

There had been reports that Tracy is observing Stanley Kramer's making of "Ship of Fools" with the idea of turning director himself. I asked him about that.

"I don't know," he replied. "It might be an interesting experience, but I'm not sure I have the patience to direct. I will say that I am learning a great deal by watching. You'd think I'd know all the tricks by now. But you miss a lot when you have to concentrate on your own job."

"Another reason I'm hanging around I won't go into, but it happens that this company is still paying me a lot of money (apparently for previous Kramer films).

"But if you want to know the real reason, it's because I get a free lunch every day."

MELLOW MOOD

He made the remark with a twinkle and it reflected his present mood, which is mellow. Tracy has been known to get this Irish up. He is all smiles on the "Ship of Fools" set.

He looks great, belying all the fears for his health when he was stricken with a lung congestion last July and later had to withdraw from a role in "Cheyenne Autumn." His face is ruddy and his figure trim.

LOST 35 POUNDS

"Yeah, I've dropped 35 pounds," he said. "Now I can't understand how I was able to pack all that weight around. How did I get rid of it? Just by cutting down on the chow. And I got some exercise every day. I've got a dog, and we go for long walks in the country."

Tracy has signed to return to his old home grounds at MGM for "The Cincinnati Kid" with Steve McQueen. "We'll begin in October—or whenever McQueen gets back from the motorcycle races," he said.

Tracy's health kick has not caused him to give up cigarettes. He doesn't drink any more.

"But," he added with a grin, "if I never touch another drop, I figure I'll still be ahead."

2 AMERICANS ARE KILLED BY RED VIET CONG

By PETER ARNETT
SAIGON, South Viet Nam (AP) — Two American Special Forces men and an Australian army advisor were killed Monday in what other Americans described as a magnificent defense of a central highlands Special Forces camp under heavy Communist Viet Cong attack.

In a five-hour battle characterized by hand-to-hand fighting by troops and courage by a group of Vietnamese women nurses, at least 57 Vietnamese Special Forces men were killed, in addition to the Americans and the Australian.

And tangled over broken barbed wire of the outer perimeter of Nam Dan camp, 30 miles west of the northern city of Da Nang, were 48 Communist Viet Cong bodies, by the latest American count.

It was the third major Communist attack in the central highlands within a week.

On Saturday, Red guerrillas overran a U.S. Special Forces training camp for Vietnamese troops at Polei Krong, killing 45 Vietnamese and wounding 25 defenders, including two Americans.

Last Wednesday, Communist guerrillas attacked a large government army camp near the high Mang Yang Pass. Twenty-nine government troops were killed, 24 were wounded and five were listed as missing. The camp was saved from complete annihilation by the guns of two U.S. helicopters.

The battle Monday at Nam Dan camp raised the number of Americans killed in combat in South Viet Nam since late 1961 to 151, with two others missing and presumed dead. Ninety-six other Americans have died in accidents.

HAS A FATAL HEART ATTACK

WASHINGTON (AP) — Adm. Claude V. Ricketts, 58, vice chief of naval operations, died Monday at the Bethesda Naval Hospital of a heart attack.

The Navy Department said Ricketts had entered the hospital Friday.

A naval aviator, Ricketts commanded the 5th Amphibious Force during the invasions of Tarawa, Eniwetok, Saipan, Tinian, Iwo Jima and Okinawa and took part in the occupation of Japan at the end of World War II.

Born Feb. 23, 1906, in Greene County, Mo., he was a 1929 graduate of the Naval Academy. He became a pilot in 1932.

Funeral plans have not been completed. Survivors include his widow and two sons, both naval officers, Lt. M. V. Ricketts and Ens. James B. Ricketts.

Poor Business At World Fair Shows

NEW YORK (AP)—"Wonder World"—the \$3.5-million show at the World's Fair—closed Sunday because of poor business.

The coproducers of "Ice-Travaganza" said that unless business picks up, the ice show will put on its last performance Saturday.

Business at the Texas Pavilion's "To Broadway With Love" was described as "terrible" over the weekend. Sunday's show was the last Sunday performance. From now on it will be on a six day-a-week basis.

Fair exhibitors had hoped for daily crowds of 300,000 or more over the holiday weekend. The figures never got to 200,000.

Chinese Beatles Get Heads Shaved

TAIPEI, Formosa (AP)—Police broke into a house in Taipei early Sunday and found four teenagers with Beatle hairdos entertaining a swarm of fans.

"The four Chinese Beatles were even noisier than the British Beatles," said a policeman.

The quartet was taken to a police station and their parents summoned. The parents made one request and police cheerfully complied.

They shaved the youths' heads.

BOYLE'S Grab Bag

By HAL BOYLE
NEW YORK (AP)—Some parents find one teen-ager hard to handle.

What do you do if, like Frank Fontaine, you find you have five of your 11 children in the teenage bracket?

"You go nuts," smiled Frank, who stars as Crazy Guggenheim on Jackie Gleason's television show.

Then Fontaine, to whom family life is the keystone of living, quickly became serious.

TEEN-AGE PROBLEM
"No, you don't really. Actually, the so-called teen-age problem isn't so much a problem to the parents as it is to the kids themselves."

"I call it the teen-age dip. Their bodies are changing, their minds are changing. They are trying so desperately to be like grownups, and yet they still have a foot in childhood."

"It's a tangled age. They're in a split personality period. The role of the parent is to be more understanding—to help guide them through it."

FIVE TEEN-AGERS

Frank's teen-agers are Peter, 19; Lawrence, 17; Alma, 15; Paul 14, and Christopher, 13. He now is ferrying them in shifts to see the New York World's Fair, along with other members of his big family.

The big blond actor and singer feels strongly that children need help both at school and at home to tide them through the difficulties of adolescence.

"That is when they must build the character to last them the rest of the way," he remarked. "What happens to them the rest of their lives is often determined by what they do in that period."

SOME GOOF OFF
"Some youngsters adjust. Others get in the habit of ducking the problems of life. If they goof-off, they don't blame themselves—they blame their parents and teachers."

"Films should be made and shown in the schools—films showing teen-age kids who ducked problems and the disasters that overtook them later."

"The problem of the teen-ager is to stay out of the whirlwind. A major error made then is hard to correct later. Of the slum kid. Children of middle-class and wealthy parents can get just as mixed up, and need just as much help."

What about punishing children?
"I give out lickings once in a while," admitted Frank, mildly lifting a ham-sized hand, "but I find that a good family discussion every two weeks does more good. Sometimes I have to hold two meetings."

SINATRA ILL IN STOCKHOLM

STOCKHOLM (AP) — Frank Sinatra flew to Paris Monday, apparently recovered from the indisposition that kept him from attending the Floyd Patterson-Eddie Machen boxing bout.

The actor-singer's personal physician, Leo Crohn, Beverly Hills, Calif., said Sinatra had been suffering from a migraine headache.

As Sinatra and 11 followers left their hotel to take a chartered plane, Sinatra joked heartily with the others.

Sinatra is a close friend of Machen, who lost a 12-round decision to Patterson Sunday. Sinatra arrived Sunday for the fight, but Dr. Crohn ordered him to rest in his hotel. The doctor said he was exhausted from work on a film.

CLARK WARNS OF MARSHALS

WASHINGTON (AP) — Sen. Joseph S. Clark, D-Pa., says he has mixed views about a proposal by Sen. Jacob K. Javits, R-N.Y., for federal marshals to be sent to Mississippi.

In a taped television program Sunday, Clark said the feelings in Mississippi made the problem of enforcing the civil rights bill one that had to be handled with extreme care.

BAD ODOR

"The federal marshal is in pretty bad odor in most of the southern states by reason of some of the happenings on a racial basis that have gone on for the last few years," said Clark. "And, generally speaking, federal marshals are not really trained to do the technically difficult sort of work that civil rights supervision, in the interest of maintaining law and order, call for."

Clark was a floor leader of one section of the civil rights bill and one of its advocates.

Reporter Helps To Rescue 13 Persons

ADAMS CITY, Colo. (AP)—A newspaper reporter helped rescue nine children and four adults trapped in a burning car north of Denver Sunday.

State patrolman E. B. Lane said a car driven by Mrs. Dixie Hansen of Pierce, Colo., burst into flames after the car's rear tires appeared to blow out.

In a car 300 yards behind, reporter Wiley Smith of the Greeley (Colo.) Tribune stopped and ran to the burning car. He and Mrs. Hansen managed to pull the nine children and four other adults to safety.

The car was destroyed. No one was injured.

Fight Over Treaty Will Be Delayed

WASHINGTON (AP) — Administration leaders in the Senate have decided to put off a partisan fight this election year over the newly negotiated U.S.-Soviet consular treaty.

The agreement, for the opening of Soviet consular offices in cities like New York, Chicago and San Francisco in exchange for similar American offices in key Soviet cities, has already come under Republican fire.

The Democrats can't stop the Republicans from making the treaty a hot topic in a campaign attack on administration foreign policy. But they can prevent the use of public hearings by the Senate Foreign Relations Committee as an election year sounding board.

Man Is Killed After Quarrel

PHILADELPHIA (AP)—Samuel Allen, 53, was shot to death Sunday after a taproom quarrel, police reported.

Police arrested Floyd Ross, 60, and charged him with the murder.

Detectives said Ross and Allen had been arguing about a woman. Allen was the father of three daughters.

Says \$250,000 Backs Scranton

PHILADELPHIA (AP) — The Philadelphia Bulletin said Monday backers of Gov. William W. Scranton "are spending almost \$250,000 to get the Republican presidential nomination."

The Scranton drive for the nomination is costing more than \$9,000 a day, the newspaper quoted sources close to the governor.

"The money is being paid out by the Scranton for President Committee for everything from white plastic, ribbed 'boater' hats for girl volunteers to suite (in the Mark Hopkins hotel), complete with grand piano, bar and solarium," the newspaper said.

"The daily tab for the Scranton staff accommodations, also at the Mark Hopkins, runs to \$1,384."

The Scranton headquarters in San Francisco is run by M. George Mooradian.

FIVE CREWMEN LOSE LIVES IN ALASKA

KETCHIKAN, Alaska (AP)—All five crewmen aboard a twin-engine Coast Guard search plane were killed when they crashed into a mountain, only a minute or two from their base at nearby Annette Island.

The burned and battered wreckage was spotted from the air late Sunday. It was mashed into the woods 2,000 feet above the Pacific Ocean and only 200 feet from the top of Dall Head on Gravina Island.

The Coast Guard reported there was no chance that any of the fliers survived.

The last word from the amphibious Albatross plane — returning in the dark and murky drizzle Friday night, after a search for a grounded fishing boat — was a request to turn on landing strip lights at Annette Air Station.

Aboard the plane were the pilot, Lt. Joseph N. Andrassy, Port Angeles, Wash., and co-pilot Lt. (j.g.) Robert A. Perchard, 27, Westwood, Mass.

Other crewmen were Harry W. Olson, 39, Cheyenne, Wyo.; Donald C. Malena, 29, Monongahela, Pa., and Edward D. Krajniak, 22, Parma Heights, Ohio.

Boy Electrocuted On Mercy Mission

SEDALIA, Mo. (AP) — A 17-year-old boy running to the aid of two persons hurt in an auto accident was struck on the head by a power line and electrocuted Sunday, about 15 miles south of Sedalia.

The victim was Marvin Allen Reid, son of Maj. Kenneth Reid of Ft. Leonard Wood, Mo. The auto involved in the accident had hit a utility pole, knocking down a 68,000-volt power line.

Fire Destroys Barn At State Hospital

PHILADELPHIA (AP) — A three-alarm fire, fanned by winds, destroyed a large wooden barn filled with alfalfa on the grounds of the Philadelphia State Hospital at Byberry Sunday.

Two nearby barns in which cattle were housed were not hit by the blaze, as residents from across the street from the fire helped firemen lead 46 head of cattle to safety.

The fire was about a mile from the hospital's patient buildings, which were not threatened.

SAYS FLYING IS SAFER NOW

QUAKERTOWN, Pa. (AP) — Paul H. Raudenbush, 67, enters this Fourth of July weekend with a record of 48½ years and 550,000 miles of driving without an accident.

Raudenbush, a painting contractor in Telford, Pa., until his retirement here, has owned 11 cars since he purchased a Maxwell for \$670 cash in 1915.

The Harleysville (Pa.) Mutual Casualty Company, which has handled Raudenbush's automobile insurance for the full 48½ years, vouches for his spotless record. He has never had to make an insurance claim with the company.

Though he once fixed eight flat tires during a trip of less than 100 miles to Mauch Chunk (now Jim Thorpe) Pa., Raudenbush now says that the traffic is too much for him and he'd rather fly.

Youth Held In Fatal Stabbing Of Police

PHILADELPHIA (AP) — Eugene Parson, 17, faced a hearing today in the fatal stabbing of an auxiliary policeman who tried to break up a street fight in west Philadelphia Saturday night.

The youth was arrested in the murder of Edward Darby, 24, a reserve patrolman.

Police said the policeman had stepped into a dispute between Parson and another man and Parson plunged a butcher's knife into Darby's chest.

Prison Umpire And Car Missing

SOUTH BEND, Ind. (AP) — The Indiana State Prison softball team lost not only a double-header Sunday night but also its umpire.

Inmate Raymond F. Johns, 40, Kokomo, finished umpiring the games with Young's Nursery team of South Bend and then walked away from Potowatomi Park. Police said a 1963 station wagon was stolen at the park, and they believed Johns was in it.

Johns, sentenced to 10 years for armed robbery, was wearing a prison uniform dyed blue for umpiring.

The prison team lost 2-0 and 12-0.

LONDON (AP) — Sir Gerald Campbell, 84, British minister to Washington and director-general of British information services in New York during World War II, died Saturday. He also served for 18 years as consul-general in Philadelphia, San Francisco and New York during the 1920s and 1930s.

LBJ HAS SOME PLANS FOR HIS NEW SOCIETY

By KARL R. BAUMAN
JOHNSON CITY, Tex. (AP)—President Johnson is "highly pleased and gratified" at Congress' record, but he is cooking up new proposals he feels will move the country toward his concept of a "Great Society."

Johnson believes enactment of the sweeping civil rights law has cleared the way for tackling such problems as metropolitan area growth; the growth of interlocking federal, state and local responsibilities and finances; health; education, and gearing the governmental structure to an age of science and technology.

TASK FORCES WORK

White House sources relayed Johnson's views to newsmen covering his holiday stay here and said the chief executive already has a number of task forces at work on long-term planning.

Until the various studies are finished, the President is not about to put a price tag on the proposals that ultimately may be submitted to Congress for new legislation.

Johnson has been trying to project the image of an economy-minded administration. But he is represented as feeling that while the people want sound and prudent fiscal management, they also want the government to respond with compassion to human needs.

FOREIGN FIELD

The President has not ruled out the possibility of further civil rights legislation, but no determination can be made, he feels, until the effects of the bill he signed last Thursday are assessed.

In the foreign field, Johnson is claiming to be well satisfied about the transition of new American leadership in South Viet Nam, his conferences with Greek and Turkish leaders on the critical Cyprus problem and his first meeting with a Latin American chief of state, President Francisco Orlich of Costa Rica.

When he gets back to the White House — it is not known when the President will end his Texas holiday — Johnson intends to talk with both outside experts and heads of various government departments and agencies about long-term planning in the various domestic fields which he feels need attention.

Only Blue Cross Service Benefits
Guarantee You
Something Better Than Money

No Worries About A Limited Allowance
Failing To Take Care Of You Properly

You get more for your money from Blue Cross simply because you receive your benefits in the form of services. So it need not be a worry to you if the cost of any of those services has gone up since you became a member. It is not hard to understand the dangers that lie in a policy which limits the amount you will receive toward the cost of your hospital care. Between the time you took out such a policy and the day you or one of your family is hospitalized the cost of being sick may have risen 25 or 50 per cent. If so you will have to pay this additional 25 or 50 per cent out of your own pocket.

Such increased costs are not the fault of the hospitals, as we all know. Food, supplies, equipment, wages, maintenance expenses are affected by our rising economy; all you need do is check the "cost of living" index published regularly by the government. Blue Cross represents a more modern concept of hospital bill protection; it keeps up with the times. A policy providing fixed allowances toward the cost of services will not keep pace with the rising cost of hospital care. Blue Cross gives you the best health protection at the lowest possible cost. It's the plan you can trust. Write today for full enrollment information.

BARRY TO KEEP WATCHFUL EYE ON CONVENTION

By MORRIE LANDSBERG
SAN FRANCISCO (AP) — A push-button headquarters crammed with electronic gadgets to see all that can be seen will guide Sen. Barry Goldwater's bid for the Republican presidential nomination.

No candidate has ever equipped himself so well to keep tabs on what's going on at a political convention.

Not only that: His committee has purchased time on San Francisco television and radio stations to provide periodic reports to delegates and alternates as well as to the public.

HAM RADIO
Goldwater is a communications hobbyist, with ham radio stations in Washington and Phoenix. While he hasn't had time to do any tinkering here, he undoubtedly will be happy with the system set up by his staff for next week's Republican convention.

The command post is the off-limits 15th floor of the Mark Hopkins Hotel, where the senator will live in a gold-carpeted three-room suite with a sweeping view of San Francisco's hills and bay.

The system includes: Television monitors for closed circuit cameras that will show where staff members are at the hotel and, when the scene of action changes, at the Cow Palace. A special board will record their whereabouts.

SHORT-WAVE
Direct telephones to the convention floor for immediate contact with Goldwater delegations.

A short-wave communications system between the Cow Palace and the Mark Hopkins with some sort of scrambling device to keep the messages secret.

A telephone system for regional campaign directors.
A back-up walkie-talkie setup just in case the other devices break down.
Staff members will be able to reach Goldwater in his suite on a special panel telephone.

SCOLERI GETS THIRD TRIAL

PHILADELPHIA (AP) — Anthony J. Scoleri, 32, twice found guilty of first degree murder in the death of Max Gordon, Philadelphia merchant, will go on trial again Sept. 8.

The date of the third trial, ordered last Wednesday by the State Supreme Court, was fixed in a brief arraignment Monday before Edward J. Blake Jr., the court administrator.

Blake also set July 27 as the deadline for Scoleri to get counsel.
In Scoleri's second trial, Michael A. Von Moschizker withdrew as his defense counsel after charging that the death sentence imposed by a three judge panel at that time violated a promise made by Judge Theodore L. Reimel to vote for a sentence of life imprisonment.

Judge Reimel denied the charge.

The slaying took place six years ago during a holdup.

IT BLEW, BLE-E-W!
SLEAFORD, England (AP) — Locomotive 61210 shunted into a siding and her whistle blew. It blew and blew and blew and blew — for 90 minutes nonstop while the townspeople were trying to get to sleep.

Station master Leonard Rook apologized today. Something wrong with the whistle, he explained, and nothing could be done until 61210 ran out of steam.

Negro To Confer Gold Medal On Ike

BOSTON (AP) — Atty. Gen. Edward W. Brooke of Massachusetts, a Negro, has been asked to present a gold medal to Dwight D. Eisenhower following Eisenhower's address at the Republican National Convention, Brooke's office announced Monday night.

Brooke and U. S. Sen. Leverett Saltonstall will head the 34-man Massachusetts delegation.

EXTRA POLICE

(Continued From Page 1)

considers one extra officer inadequate and will continue to ask for at least two more regular policemen if special officers continue to be barred.

Weaver also said he expects Hemler will be paid the regular salary for probationers for six months. Mrs. Dracha said that figure is \$3,900.

Mayor Weaver had told council at its regular meeting that they must "face the fact that Gettysburg has more traffic to handle this year than it did in the centennial year of 1963." He continued: "We've either got to have more policemen or face the risk of hiring special policemen which never was a risk for the last 50 years." Weaver added that he had talked recently with five other mayors who are using special police officers without any question being raised about their legal status.

In the regular meeting, President Philip M. Jones instructed Safety Committee Chairman Richard Smith to take action "as soon as possible" to meet the need for extra policemen and "satisfy the citizens." There was no reference then to a special meeting to follow and several councilmen left the chamber at adjournment.

MODERATE TRADING

NEW YORK (AP) — The stock market dawdled early this afternoon, barely holding to the plus side.

Trading was moderately active. Most prices were mixed and changes of key issues were small.

American Telephone, advancing 1/4 on an opening block of 30,000 shares, equalled its new high of 75 1/2 Monday and then dropped back.

Chrysler, which enjoyed an 18 per cent increase in its car sales rate in June over a year earlier, lost most of its half-point gain in later trading. General Motors and Ford were off minor fractions.

FOUND DEAD IN CREEK

NEW DANVILLE, Pa. (AP) — An unidentified woman, about 40, was found dead today in a creek near Route 324 in a Lancaster County community.

Nelson F. Wiles, R. 2, who recently completed three years of service in the Army as a clerk-typist, has re-enlisted for another three-year term. He has been assigned to New Cumberland. He and the former Miss Barbara A. Hetrick were secretly married in Hagerstown last August.

Today In Washington

WASHINGTON (AP) — President Johnson was back in the White House today after a Fourth of July holiday at his Texas ranch.

He and the First Lady returned to the capital shortly after 10 p.m. Monday, flying from Austin to Andrews Air Force Base in the 10-passenger Jet Star and thence to the executive mansion by helicopter.

WASHINGTON (AP) — The Senate approved and sent to the House Monday a bill tightening controls over lobbying in this country by agents serving foreign interests.

Among other things, the measure would prohibit these agents from using funds from foreign employers to make political contributions and would require the agents to report political contributions from their own pockets.

WASHINGTON (AP) — The United States has given the cold shoulder to Prime Minister Fidel Castro's latest bid to improve U.S.-Cuban relations.

Castro was quoted in an interview with the New York Times as saying Cuba would cease its material support of Latin-American revolutionaries if the United States and its allies would agree to withhold material support of subversive activity against Cuba.

A State Department spokesman said Monday that the United States is standing by its position that neither Castro's ties with the Soviet Union, "which are tantamount to Soviet domination," nor Cuba's "promotion of subversion" can be a subject of negotiation.

WASHINGTON (AP) — President Johnson is sending two former Southern governors on a quiet mission back to Dixie.

Secretary of Commerce Luther H. Hodges, former governor of North Carolina, and LeRoy Collins, former governor of Florida, will explain the Community Relations Service of the new Civil Rights Act during a tour of Southern state capitals beginning next week.

Johnson appointed Collins director of the Community Relations Service which will be organized in Hodges' Commerce Department.

Officials said the Hodges-Collins tour is being conducted without fanfare because its purpose is to gain understanding among Southern executives and not to arouse antagonism or generate publicity.

RED PREMIER IS TRAVELING A GREAT DEAL

By WILLIAM L. RYAN

Despite all his obvious worries, Soviet Premier Khrushchev seems to be having an enormously good time.

Khrushchev is away from Moscow these days almost as much as he is at home. He looks almost like an executive thinking about retirement and determined to have a final, happy fling.

By his own admission, he feels his age. At his 70th birthday party April 17, he delivered a homily about his gratitude for attention paid him and his determination to work well to repay those who had faith in him. But he added that, at 70, "a man hasn't much time left to pay back well for all he is given."

FEELS HIS AGE

Not long before, he had noted that as he approached 70 he was feeling it and might not be able to hold the helm of party and state indefinitely.

Khrushchev now gives the impression that the machinery of the Communist party and the Soviet government at home runs pretty well without his physical presence.

This year, Khrushchev has been away 10 weeks.

Early in January he went on a hunting trip in Poland. In March and April he toured Hungary.

In May, Khrushchev took a leisurely voyage to Egypt with his family and extended his stay to rest.

JUNE TRIP

In June, he went to Leningrad to meet Yugoslav President Tito, and then shortly after boarded the liner Bashkiriya for an unhurried trip through Scandinavia. Khrushchev said in Sweden he intends to "go on leave" to his vacation hideaway on the Black Sea.

While Khrushchev is doing all this tripping about, who is minding the store?

At the top are men who could step easily into Khrushchev's shoes. These include Leonid I. Brezhnev, whose job as president of the Soviet government Presidium is becoming less and less ceremonial; Gennady Voronov, Dmitri Polyanski, Nikolai Podgorniy, any of whom could be a prospective new premier.

NO THREAT

To run the party he can rely on such men as M. A. Suslov and Leonid Ilyichev, who have long experience with ideological problems.

At the moment, there seems to be no threat to Khrushchev's position at the top.

Conviction Of N. J. Sex-Slayer Upheld

TRENTON, N.J. (AP) — The New Jersey Supreme Court today upheld the conviction of Edgar H. Smith for the sex-slaying of a 15-year-old high school girl.

The court wiped out a stay of execution granted to Smith during his latest appeal.

Smith, 30, has been in the death house at New Jersey state prison for seven years, the longest such stay on record.

Smith was convicted in 1957 of killing 15-year-old Victoria Zielinski of Ramsey. She was found bludgeoned to death in a gravel pit.

HEAVY FERRY TRAFFIC

LEWES, Del. (AP) — The ferry between Lewes and Cape May, N.J., carried 4,022 vehicles and 14,324 passengers in its first five days of operation, the Delaware River and Bay Authority reported Monday. The ferry began operation Wednesday. Many passengers took the ride simply to "enjoy the salt-air breeze" in the bay between South Jersey and Delaware the authority said.

DATE FOR MILK SUIT IS FIXED

HARRISBURG (AP) — A hearing has been set for July 16 on a suit by the State Milk Control Commission against Bloomsburg Dairies, Inc.

The suit, filed on Commonwealth Court Monday, charged the concern with operating retail without a milk dealer's license and selling milk at prices below those set by the state. Named as defendants along with the firm were Donald R. and Raymond Howell and Glenn E. Ortmann.

The suit said the defendants were selling milk and milk products at retail to customers at a dairy store on Route 42 within the borough limits of Bloomsburg.

MOST OF STATE DELEGATES TO FLY TO FRISCO

HARRISBURG (AP) — The exodus of Pennsylvania delegates to the Republican National Convention at San Francisco is under way.

But the bulk of the 64 delegates, 64 alternates and in some cases members of their families will be leaving by plane on Thursday from Philadelphia and Pittsburgh.

Gov. Scranton, chairman of the delegation and a candidate for the GOP presidential nomination, will arrive in San Francisco on Wednesday to take part in the platform hearings.

Some of the delegates are going by auto, some by additional jets the airlines are putting on Thursday and next Sunday.

The extra flights also will accommodate the dozens of Pennsylvania newsmen who will cover the week-long convention at the Cow Palace.

CAUCUS SUNDAY

The delegates will stay at the Mark Hopkins Hotel and they will caucus there Sunday evening at a time to be fixed, to determine their strategy during the convention.

All but two of the 64 delegates are committed to Scranton's candidacy, according to an Associated Press survey.

A round-trip ticket by jet between Philadelphia and San Francisco will cost \$237.61. The air fare from Pittsburgh will be slightly less.

Expenses of the delegates will, of course, vary widely, depending on whether they take members of their families and their accommodations.

It is estimated that delegates will each spend \$1,000 on the average. Hotel rooms will cost a minimum of \$18-\$20 a day.

FEAR MURDER AND SUICIDE

RED LION, Pa. (AP) — Authorities are terming the shooting deaths of a 16-year-old expectant mother and her 18-year-old husband as a murder-suicide.

State police said Denton Eugene Miller, a former tobacco company worker who was unemployed, shot his young wife, Caroline Jane, once in the head with a .22-caliber rifle, then he took his own life.

Dr. Ronald E. Piper, deputy county coroner, ruled the deaths a murder-suicide. He said there apparently were no witnesses to the shooting which occurred at the home of Miller's parents in Felton, three miles south of here.

Dr. Piper said Caroline Jane, expecting her first child this month, appeared to have been sleeping on a sofa when shot. Miller's body was found on the floor with the rifle nearby. The bodies were discovered by the young man's mother, Mrs. Denie William Miller, when she returned from work.

Long-Lived Family Marks Anniversary

WICHITA, Kan. (AP) — Friends of Mr. and Mrs. E. L. Bagley said it was only an expected event when the couple celebrated their 60th wedding anniversary on December 1, 1963.

Bagley's parents lived to celebrate their 57th anniversary and his grandparents celebrated 64 anniversaries before death took one partner.

Mrs. Bagley's parents celebrated 57 anniversaries before her father's death and her grandparents lived past their 66th anniversary.

Cafritz Estate Is Set At \$24 Million

WASHINGTON (AP) — The estate of Washington builder Morris Cafritz was valued at about \$24 million, according to probate papers filed Monday in U.S. District Court.

The bulk of the estate, \$20,569,412, was in the form of stock in corporations owned almost solely by him. Federal estate taxes were estimated at \$3.1 million by a tax attorney.

Cafritz, 77, who died June 11, was survived by his widow, Gwen, a widely known Washington hostess, and three sons.

Washington Notes Tourist Increase

WASHINGTON (AP) — Tourists are visiting the nation's capital in record numbers, and the World's Fair in New York is given much of the credit.

The Convention and Visitors Bureau hopes for a gain of from 1 million to 2 million visitors over the estimated 7.5 million to 8 million who came here last year, largely due to the influx of persons headed for the fair.

WASHINGTON (AP) — The United States has deployed its 16th Polaris missile-firing submarine.

The Woodrow Wilson, packing 16 nuclear-tipped rockets with a range of 1,725 miles, went on patrol in the Atlantic over the July 4th weekend, it was learned.

Bishop Stricken Monday Evening

PHILADELPHIA (AP) — The Most Rev. Edward P. McManaman, auxiliary bishop of the Erie, Pa., Roman Catholic Diocese, suffered a cerebral hemorrhage Monday night.

A spokesman at the Philadelphia Catholic Chancery said Bishop McManaman, a native of Wilkes-Barre who was here visiting relatives, is in "poor condition" at Graduate Hospital.

He was stricken in his room at the Barclay Hotel.

COURTS MAY IMPOSE COST ON DEFENDANT

PHILADELPHIA (AP) — Pennsylvania's Supreme Court has upheld the legality of a 104-year-old state law that permits a judge or jury to make a defendant pay the costs of prosecution even when he is acquitted.

The law applies only to misdemeanors, such as an assault or carrying a gun illegally. In felonies — robberies, murders, etc. — the state always pays the costs.

The state's highest tribunal in a 5-1 decision Monday rejected an appeal by the American Civil Liberties Union representing a Chester County toolmaker.

ASSESSED COSTS

Jay Giaccio of Schuylkill Township was assessed court costs of \$230.95 in 1962 after he was acquitted of charges of pointing and firing a gun. The complaint grew out of a dispute with his neighbors.

The Chester County Quarter Sessions Court declared the law illegal, but this decision was reversed last year by the state Superior Court. The Supreme Court refused to upset that ruling.

Justice Samuel J. Roberts, writing for the majority with Justice Herbert B. Cohen dissenting, said the 1860 law is not a penal statute and the imposition of costs is not part of the penalty.

PROSECUTION EXPENSES

"The costs under this statute," wrote Roberts, "represent compensation or partial reimbursement to the county for expenses incurred in a prosecution."

Attorney Peter Hearn, who represented Giaccio, had contended the law "forcibly deprives a defendant of his liberty — even if acquitted — if he cannot pay."

Hearn said a defendant who can't pay the costs could be jailed indefinitely until he does.

WILL STUDY CHESTER FUSS

HARRISBURG (AP) — Gov. Scranton "within the next few days" plans to appoint a citizens commission to study the racial situation in Chester.

The commission will be asked to conduct a survey "of all facts available" and report its recommendations back to Scranton before Sept. 1.

Negroes in Chester have charged they were beaten without cause by state and local police during demonstrations there this spring.

Lt. Gov. Raymond P. Shafer said two weeks ago that a state police investigation showed no justification for the allegations in regard to the state police.

The governor's office announced Monday that Scranton had decided to name a commission "in view of continuing concern expressed by representatives of various religious faiths and by other interest groups over problems involved in the Chester demonstrations."

The announcement said the commission would draw its necessary staff services from the State Council on Human Services.

10 ARRESTED

August grand jury.

Monroe Brant, York R. 7 and 829 E. Market St., York, also appeared before a justice of the peace and posted \$500 cash bail. No plea was reported from Mr. Brant but he has not indicated he will ask a hearing.

Justice Whitman said varying numbers of counts have been filed against the defendants. There are four against Warner and four against Kindig while the number against the others ranges from one to three.

State Police Sgt. Robert Smith, Harrisburg, was in charge of the investigation and the arrests, all of which were made Monday, Whitman said.

COMMITTEES

and Adams are yet undecided. It was explained that in the counties already participating, county funds are being used which the commissioners are supplying at the rate of 10 cents per person. Decision was delayed until another meeting later this month.

There was a request from the "America at Gettysburg" museum for more mutual support for Travel Council members by businesses in the group. On the matter of delinquent dues, the council decided not to give support to or circulate brochures for delinquent members.

Members are to be notified by mail about proposed changes in the council's bylaws.

The Hard Tack and Coffee Museum was listed as a new member.

Announcement was made that the council has worked with CBS on preparation of a new battle-field film for winter use on TV.

The Eiffel Tower was a temporary structure, completed for the Paris Exposition of 1889.

GAIN IN JOBS;
JOB-SEEKERS
ALSO INCREASE

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Finding a job is tougher this summer. That's so despite a gain in the number of jobs. A record of nearly 72 million Americans are at work.

The job scramble is rough because there are more students looking for them. There are always a lot when school lets out. This year there are more.

But beyond that, there are more adults entering the labor force just now. This happens whenever times are good and the number of jobs expands. That pulls a lot of off-and-on workers into the labor force. Since they usually have skills from earlier periods of employment, they are likely to get the jobs at the expense of the newcomers without experience.

POPULATION GROWTH
The population growth by itself, and its specific manifestation of more students looking for summer work, would have pulled about 1.2 million more people into the labor force this summer than last. The Labor Department says that this time the force increased by 1.5 million over last year to a total of 79.4 million.

It reports that while employment went up by about 850,000 in June as outdoor jobs and recreational work opened up, unemployment advanced by 1.1 million.

The economy is running fast, but not fast enough in the job sector to hold even with the demand.

MANY TEEN-AGERS
Some 800,000 of the unemployed are teen-agers, or 15 per cent of the youngsters looking for work.

The Labor Department indicates that high school graduates had better luck this year in finding jobs than did college graduates.

Disturbing to the department was the rise in unemployment among adult men. The teen-age problem was expected. Washington had hoped that the older men were in for better days.

UNEMPLOYMENT
The rate of unemployment among all men over 20 rose to 4 per cent of the labor force, compared with 3.6 per cent in May. The rise among adult women was only to 5.1 per cent from 5 per cent.

When the rate of unemployment for all ages dropped in May to 5.1 per cent, many had hoped that the long struggle to bring this down by an increase in economic growth was at last bearing fruit. In June the rate was 5.3 per cent. The June rise in unemployment of 1.1 million brought the total to 4.7 million. The long struggle to get the jobless rate down to around 4 per cent of the labor force still is a tough one. The number of jobs increase. But those who want to fill them increase even faster.

"It itches like the devil for 10 days," Benjamin Franklin once described poison ivy and we can assume that if anything could have been done about it the great inventor would have come up with a cure.

Like the common cold, poison ivy must run its course, and since it attacks even tough-skinned people, it is enjoying a successful season right now.

worried about age?

here's truth about hormones
for face, neck and hands

NEW YORK (Special) — Reams have been written about hormones. Will they make women of 75 look 16 again? Absolutely not. Will they make women of 60 feel like they were 20 again?

To know the truth about hormones you need to learn just two simple facts: (1) The beauty of a woman's skin starts breaking down as signs of age begin, because the female organs fail to supply enough estrogenic hormones to feed the skin—less and less as you grow older. (2) Estrogenic hormones can be supplied to the skin by rubbing on a penetrating formula containing the hormones.

Here is a test reported in a scientific journal, one of many that showed similarly sensational results: Twenty-five women applied hormones to one side of the face and neck, and to one hand. On the other side and the other hand, a similar preparation containing no hormones was applied the same way.

These are the reports in simple words:

Skin lines (or dry-skin wrinkles) quickly dimmed or disappeared from sight as creases and hollows filled out.

Blotches and "old-age freckles" faded on hands, face and neck.

Skin was softer, smoother, com-

Letter To The Editor

Dear Sir:

I do hope you publish this news letter to the public as follows:

"What To Preserve In Our Town." I am a resident of Gettysburg, Penn., and a collector of antiques and oddities that I can afford and always try to keep them in good shape for the future. I notice one big item in our town that should be preserved. Our fire company has its hook and ladder equipment parked in the borough field adjoining the Veterans of Foreign Wars home. It is deteriorating every day. What a shame! The apparatus should be placed in a dry shed so our own town people and tourists could view it along with other items. It still has its use. What do the other people of town think? Let's all back this project and please write to The Gettysburg Times editor and I am sure they will publish all replies—some one will surely take action. Thanking you, I remain,

Sincerely yours,
F. C. LITTLE

Spray Letter Is
Mailed By Agent

A preharvest spray letter has been sent to cherry growers in Adams County by Thomas E. Piper, county agent, concerning the control of fruit rots and leaf spot.

The letter recommends the application of spray within 14-16 days after the last application and where harvest continues more than 10-12 days after the last application in unharvested blocks.

Attention is called also to attacks of Japanese beetles and recommends a Servin dilute spray application up to one day before harvest. It can be added to any of the fungicides, the letter advises.

Scranton Wants Strong
Civil Rights Plank In
Republican Platform

CHICAGO (AP) — A strong civil rights plank committed to "taking further steps at all levels of government" against racial discrimination must be in the 1964 Republican platform, Pennsylvania Gov. William W. Scranton said Monday.

Scranton, a candidate for the Republican presidential nomination, issued his demand in a "position paper" that also took to task his rival for the nomination, Sen. Barry Goldwater of Arizona.

"As the party of Lincoln, the Republican party is committed to taking further steps, at all levels of government, to insure that the wrongs of discrimination shall be finally and fully eliminated," said Scranton.

QUOTES BARRY
Scranton quoted Goldwater as saying platform endorsement of civil rights legislation would be "redundant" in the wake of the new law signed by President Johnson last Thursday.

"I find this attitude utterly incredible," said Scranton, adding: "I find it hard to believe that anyone who has lived in the United States in the past decade could possibly conclude that civil rights will cease being a major issue because a single bill has been passed—and passed I might add, despite the outspoken opposition of Sen. Goldwater."

MAJOR ISSUE

"This is the major domestic issue of our time," said Scranton.

As "further steps" in civil rights, Scranton proposed: Voting—He said he would like to see all states extend fair procedures for voter registration in all elections. The new law applies only to federal elections.

Education—Scranton said he would favor a state-initiated program with federal aid "to provide more intensive schooling at the nursery, primary, and secondary levels for children from underprivileged areas who, by virtue of the intellectual as well as economic impoverishment of their homes, are terribly handicapped at the very start of their lives."

OTHER QUESTIONS

Housing—Scranton said he would urge full application of a federal order ending discrimination in federal housing programs. Also, he said, he would urge such orders be extended "to other mortgages covered by federally aided lenders."

Jobs—"I would like to see intensive, statewide retraining programs that put special emphasis on equipping those unskilled members of minority groups who are hardest hit by unemployment to find new skills."

Civil Rights Plank—"as the heirs of Lincoln and guardians of a long heritage of responsibility in the field of equal rights, it is incumbent upon the Republican party to shape a strong civil rights plank for our 1964 platform. I will stand on such a plank and implement it with the dedication that comes from conviction."
